

Application No. 10/523,504

Amendment After Allowance Under 37 CFR §1.312 dated: March 14, 2007

Reply to Notice of Allowance dated December 27, 2006

### **REMARKS/ARGUMENTS**

By this Amendment After Allowance, new Fig. 9 has been included in the Figures and the text of the Specification has been amended to include citations of Fig.9. None of the claims have been amended since they were allowed. Thus, Claims 1-17 are pending.

Favorable reconsideration is respectfully requested in view of the foregoing amendments and the following remarks.

In the Notice of Allowance dated December 27, 2006, the Examiner objected to the drawings under 37 CFR 1.83(a) as not showing, in particular, the U-shaped frame 16. To that end, Applicants have included Fig. 9, depicting a top plan view of the invention which shows the U-shaped frame 16, as well as amending the Specification to cite Fig. 9 therein, all to overcome the Examiner's objection. No new matter, whatsoever, has been added in Fig. 9 or in the Specification.

Also, in the second paragraph on page 3 that was amended to include a citation to Fig. 9, a correction was made to reference numbers 20a-d, which should be 20A-D.

The Applicants have **not** paid the issue fee at the time of the filing of this Amendment after Allowance and, as such, this Amendment is being filed under 37 CFR §1.312.

For at least the reasons set forth above, it is respectfully submitted that the above-identified application is in condition for allowance. Favorable reconsideration and prompt allowance of the claims are respectfully requested.
